## IN THE US PATENT AND TM OFFICE

Patent Number: 6,961,045 B2  
Issued Date: Nov. 1, 2005  
Patentee: Che-Chih Tsao  
Ser. No.: 09/882,826  
Filed: Jun. 16, 2001  
Title: Pattern Projection Techniques For Volumetric 3D Displays and 2D Displays

**Certificate**  
**NOV 05 2007**  
**of Correction**

Date: Oct. 26, 2007

Commissioner of Patents  
P.O. Box 1450  
Alexandria VA 22313-1450

Sir:

## REQUEST FOR CERTIFICATE OF CORRECTION

The above patent contains significant error, as indicated on the attached Certificate of Correction form (submitted in duplicate). Such error arose at the respective places in the application file as indicated below.

1. In the originally filed specification, the terms "SLM" and "display panel" were used to indicate the same item without clear distinction. Later, the applicant amended most "display panel" into "SLM" in order to unify the term (and might have missed some). In column 8, line 19, the first "display panel" was amended by the applicant into "SLM" but is not printed correctly by the GPO. It should be printed as "SLM". The second "display panel" in the same line should also be "SLM". This was an editorial error by the applicant. At any rate, using "SLM" at both places matches the context of the whole paragraph and related descriptions in the specifications. This is therefore corrected in Certificate of Correction form item #4.

2. Other errors indicated in the Certificate of Correction form are printing errors by the GPO.

In the above errors, those arising through the fault of applicant are of a clerical or minor nature and occurred in good faith. Therefore, issuance of the Certificate of Correction is respectfully requested. A fee of \$100 is enclosed by the use of credit card payment form (PTO-2038).

Very Respectfully,

Patentee
